Base Price Includes:

- 1) ASME stamped tank
- 2) All stainless steel exterior (body and base)
- 3) Brass pressure reducing valve with by-pass
- 4) One (1) T&P gauge
- 5) Temperature and Pressure relief valve
- 6) Digital display controller with low water and leak detection
- 7) Foam insulation for high efficiency
- 8) Plastic adjustable legs
- 9) Full ten (10) year tank warranty **Not Pro-Rated**
- 10) Two (2) Dielectric Unions

Optional Adders

Slide brackets in lieu of legs	N/C
Additional T&P Gauge	add \$25
Nickel plated legs in lieu of plastic	add \$55
Stainless Steel adjustable legs	add \$160
Floor mounting legs (all S/S)	add \$245
Shock Absorber	add \$90
Water Treatment System	add \$535
Security Package	add \$135
J6-3 Cover	add \$165
J6-6 Cover	add \$185

Alternate Voltages Available: 120/380/415/440/575/600. Please contact the factory for Model Numbers and Pricing.

J6 (4-18kW) ships via UPS and weighs 95 Lbs
 J6 (24-58kW) ships via UPS and weighs 110 Lbs
 All shipments are FOB Stratford, CT 06615

Note: The 6, 7 and 9 kW models in 208 and 240 volt can be field converted from either 1 to 3 phase or from 3 to 1 phase.
 All 3 phase units are balanced 3 phase.
